CohuHD's 3960<sup>HD</sup> camera positioning system combines crystal clear HD image quality, bandwidth efficient H.264 compression, smooth variable speed positioning and IP66/IP67 protection delivering the CohuHD quality and performance you expect!

The 3960<sup>HD</sup> includes a choice of 720p30 or 1080p30 HD cameras with up to 30x\* optical zoom, delivering full frame rate HD images over the entire zoom range.

The built-in zoom capability enables up to 30x optical magnification in high definition, and achieves quick subject tracking through its high speed auto focusing system.

True day/night technology using a removable IR cut filter produces exceptional low light sensitivity down to 0.005 lx\*.

For installations subject to wind or vibration, electronic image stabilization\* assures steady,

clear images and enables the system designer to utilize existing bridge sign and traffic light poles for camera mounting.

The 3960<sup>HD</sup> includes defog/dehaze\* image processing, enhancing video performance in foggy and hazy conditions encountered in surveillance and traffic monitoring applications.

The 3960<sup>HD</sup> includes variable hi-speed pan and tilt drive, with 360° continuous pan and +90 to -90° tilt. Fast positioning speeds result in 180° movements in less than 2.5 seconds.

Providing multiple video stream capability, the 3960<sup>HD</sup> delivers two independently configured H.264 streams or an H.264 with MJPEG or an H.264 with analog output. Use of the IP and analog output allows integrating with analog systems today while providing a smooth transition to HD Video over IP tomorrow.

The 3960<sup>HD</sup> provides a full function web server,

allowing complete administrative and operator control capabilities. Administrative features include configuring network settings, user password assignments, setting video streaming properties, configuring camera imaging properties, defining presets and tours, and assigning camera ID labels.

The 3960<sup>HD</sup> is designed to operate in harsh weather with its IP67 enclosure protection. This eliminates the effects of water intrusion, pollutants and corrosives.

CohuHD delivers years of clean, reliable images and backs it with a world class two year warranty.
