

CCS-MIC-USB-100

Table Microphone for Crestron RL™

- > Add-on table microphone for Crestron RL™ systems
- > Provides enhanced voice pickup for large tables
- > Wide 180 degree coverage pattern
- > 3-capsule boundary technology
- > Easy USB connectivity
- > 15 ft (4.57 m) USB cable included

The CCS-MIC-USB-100 is an optional accessory for the [Crestron RL™](#) Group Collaboration System for Lync®. Placed on a videoconference room table, this low-profile microphone provides enhanced pickup of every participant at the table. Custom circuitry and a 3-capsule boundary design achieve excellent voice quality, even at several feet away and up to 90 degrees off axis. The Crestron RL system supports one table microphone, with simplified connectivity provided via USB.
