Application & Benefits

The EA24A12-P18 offer by i3 International is an economical power supply giving 24AC with 18 camera inputs. This power supply has an input of 120 VAC. It is packaged in an easy-to-install metal enclosure that has ample room for wiring connections and conduit entries. Using any of i3 International camera series either alternative current or direct current, the EA24A12-P18 provide the AC power output for most cameras. This model come with PTC (Positive Temperature Coefficient) for each camera power output. PTC is a resettable fuse. As the temperature rises, nearing danger levels, the resistance increases, so less current flows, thereby protecting the vulnerable equipment that receives the current flow. Therefore, the EA24A12-P18 provide a high degree of protection for your cameras.
